

TriFlo Console

Our extensive range of turnstiles have a compact and elegant design combined with a cost effective & superior reliable operation. Making it the ideal choice for providing effective access control in areas where previously security had been desirable but the associated aesthetic implications had been unwelcome or prohibitive, whether it is in retail sites, industrial premises, offices, transport, airports or leisure centres.

We have the designs available that can offer a flexible approach to perfectly balance the issues of security, aesthetics and ease of use.

This turnstile combines elegance with the ultimate in security. It complements and enhances many corporate environments that need to combine protection with aesthetics.

Standard and optional features;

Design:

- Half height turnstile for internal use
- 304 grade stainless steel unit
- 316 grade stainless steel arms
- Curved end panels
- Can be easily integrated with railings/barriers providing the same look and feel throughout the desired area

Operation:

- Manually operated arms
- Available as mechanical only unit or controlled in either or both directions
- Can be controlled via any access control unit which gives out a volt free contact (supplied separately)
- Free rotation on power failure or activation of fire alarm
- 1 set of red/green directional indicators are included in the controlled version
- Can be alarmed with under or over sensors
- Unlocking mechanism adjustable from 2-32 seconds
